

TouringMag Checklist

- ☐ 1. Chain cleaner
- ☐ 2. Chain lubricant
- ☐ 3. Brush
- ☐ 4. Rag or cloth
- ☐ 5. Gloves
- ☐ 6. Motorcycle stand
- ☐ 7. Position the motorcycle on a stand to elevate the rear wheel.
- ☐ 8. Apply chain cleaner generously over the chain and let it soak for a few minutes.
- ☐ 9. Use the brush to scrub away dirt and grime from the chain links.
- ☐ 10. Wipe the chain with a rag to remove excess cleaner and dirt.
- ☐ 11. Apply chain lubricant evenly over the entire length of the chain.
- ☐ 12. Rotate the wheel to ensure the lubricant is distributed evenly.
- ☐ 13. Let the lubricant set for a few minutes before using the motorcycle.
- ☐ 14. Clean and lubricate your chain every 500 miles to prevent wear.
- ☐ 15. Check the tension of your chain regularly for optimal performance.
